

HealthSapiens' Karim Babay Presents Keynote at Crypto Health Summit LA

Company Founder and CEO to Share Vision of Health and Wellness for All Through Global Collaboration

NEW YORK, May 17, 2018 – [HealthSapiens](#), a decentralized and borderless healthcare platform powered by the blockchain, today announced that Karim Babay, Founder and Chief Executive Officer, will be the keynote speaker at the [Crypto Health Summit](#) on May 21, 2018 at Vibiana in Los Angeles, Calif. Babay will be presenting “Healthcare without Boundaries: Fact or Fiction?”

HealthSapiens' vision is the democratization of healthcare, creating freedom for patients to choose their care despite boundaries. The company is committed to the ideals of health and wellness for all, through global collaboration and the progression of humankind – one patient at a time. Drawing on his background in healthcare as HealthSapiens' Founder, Babay's presentation will illustrate the future of healthcare and the key components of an incentive-driven ecosystem through:

- Examination of how the blockchain enables a borderless ecosystem for medical services.
- Discussion around the burning problems existing within today's healthcare systems that are prime for disruption.
- The future of medical care as it relates to telemedicine and the blockchain.

Babay is concurrently the Chairman and CEO of HealthSapiens, a decentralized global digital healthcare ecosystem, and the CEO and Chief Investment Officer of Intrinsic Value Investment Partners, a hedge fund that is value focused. Babay has over 15 years of entrepreneurial finance and global investing experience allocating capital across the capital structure (credit/equity), angel investing, liquid and illiquid investments in securities. Babay started his Wall Street career at Lehman Brothers' Mergers and Acquisition team and later joined the firm's Capital Structure Arbitrage desk. He also worked at Foxhill Capital, a distressed/special situation hedge fund. Prior to his Wall Street experience, he implemented the global strategy for various international companies across the Middle East and Europe. Babay possesses significant knowledge and understanding of global trends and their impact on current market conditions.

ABOUT HEALTHSAPIENS

HealthSapiens is a convenient, affordable healthcare company with a network of more than a thousand experienced and board-certified physicians and a membership of over 22,000 people. HealthSapiens' platform provides unlimited access to medical services anywhere, 24 hours a day, 7 days a week. Over the past five years, the company has used its combined 100 years of experience in healthcare to hone a consumer-centric model, layering the foundation for a quality direct-to-consumer experience. In doing so, HealthSapiens has made it possible for patients to receive necessary care without the need for cumbersome intermediaries like insurance or government bureaucracies. The existing framework is the basis for the next phase in the company's mission to provide access to quality and affordable healthcare globally.
