

## **Blockchain in Healthcare Canada Selects HealthSapiens CEO as Event Chairman**

*Karim Babay to Deliver Conference Opening Remarks and Session on Healthcare Consumerism*

**NEW YORK, June 12, 2018** – [HealthSapiens](#), a decentralized and borderless healthcare platform powered by the blockchain, today announced that Karim Babay, Founder and Chief Executive Officer, will serve as Chairman of the [Blockchain in Healthcare Canada](#) conference on June 14, 2018 at the Chelsea Hotel in Toronto, Ontario.

The Blockchain in Healthcare conference will focus on ways that blockchain technology such as cryptocurrency, smart contracts, distributed databases and public ledgers will continue to transform the industry. According to Deloitte, the healthcare industry is planning the most aggressive deployments of blockchain with 35 percent of health and life sciences planning to deploy by 2018.

At the conference, Babay will also be presenting “Blockchain – Healthcare Consumerism,” a session designed to address how to deliver healthcare directly to the consumer while securely managing patient identities, records and prescriptions.

HealthSapiens' vision is the democratization of healthcare, creating freedom for patients to choose their care despite boundaries. The company is committed to the ideals of health and wellness for all, through global collaboration and the progression of humankind – one patient at a time.

### **ABOUT HEALTHSAPIENS**

HealthSapiens is a convenient, affordable healthcare company with a network of more than a thousand experienced and board-certified physicians and a membership of over 22,000 people. HealthSapiens' platform provides unlimited access to medical services anywhere, 24 hours a day, 7 days a week. Over the past five years, the company has used its combined 100 years of experience in healthcare to hone a consumer-centric model, layering the foundation for a quality direct-to-consumer experience. In doing so, HealthSapiens has made it possible for patients to receive necessary care without the need for cumbersome intermediaries like insurance or government bureaucracies. The existing framework is the basis for the next phase in the company's mission to provide access to quality and affordable healthcare globally.
