

HealthSapiens CEO Presents at Crypto Evolved Innovators' Conference

Karim Babay to Participate in Panel Discussion on the ABCs of Initial Coin Offerings

NEW YORK, June 26, 2018 – [HealthSapiens](http://HealthSapiens.io), a decentralized and borderless healthcare platform powered by the blockchain, is thrilled to announce that Karim Babay, Founder and Chief Executive Officer, will be participating in a panel presentation at the [Crypto Evolved, The Innovators' Conference](#) on June 27, 2018 at the New York Athletic Club.

Crypto Evolved is the first conference focused on the institutional trading market for crypto assets. During the session titled, "ABCs of ICOs," Babay and fellow panelists will discuss how the Initial Coin Offering (ICO) has evolved and its influence on raising capital for new companies. The panel discussion will also cover the key steps that companies must take to plan and execute an ICO, both in the US and globally, and the emerging standards for disclosures during the ICO process.

HealthSapiens' vision is the democratization of healthcare, creating freedom for patients to choose their care despite boundaries. The company is committed to the ideals of health and wellness for all, through global collaboration and the progression of humankind – one patient at a time.

ABOUT HEALTHSAPIENS

HealthSapiens is a convenient, affordable healthcare company with a network of more than a thousand experienced and board-certified physicians and a membership of over 22,000 people. HealthSapiens' platform provides unlimited access to medical services anywhere, 24 hours a day, 7 days a week. Over the past five years, the company has used its combined 100 years of experience in healthcare to hone a consumer-centric model, layering the foundation for a quality direct-to-consumer experience. In doing so, HealthSapiens has made it possible for patients to receive necessary care without the need for cumbersome intermediaries like insurance or government bureaucracies. The existing framework is the basis for the next phase in the company's mission to provide access to quality and affordable healthcare globally.
